What is UPOS-The Digital Mall?

An Advanced digital powerhouse platform to benefit the vendors through inter-exchange of business or creating new entrepreneurs at a minimum cost with zero investment in inventory

Best Earning Opportunity !

Worlds biggest
Inter-exchange
of business

Generating
Entrepreneurial
& Employment
Opportunities
for all

Guaranteed
Cashback/Rewards
up to 100%
to customers

20 Crore+
Products and
Services to
sell

Global Garner presents all new concept to

- Zero investment in Inventory
- Zero Maintenance Cost
- Increase your earning & generate new revenue from an existing customer base
- Enhance your profits
- Expand your existing business
- Generate new employment
- Set up your new business
- Maximum return with the lowest capital requirement
- Large and Diversified inventory
- Best Earning Opportunity with lowest capital investment
- No Infrastructure, No Staff, No Overheads required

"A welcome addition to an existing business or a new risk-free business."

Changing the Dynamics of “Buying and Selling”

Global Garner is the B2B2C organization as it is the world's 1st and only postpaid sales service provider generating a Global Human Network of Sales for all categories of businesses and vendors with Zero Upfront Cost where these businesses have to pay commission only on successful sales, with the added advantage of a Cashback / Reward for all their customers. So, we solve the biggest problem of Expansion and Sales for these businesses with Zero Upfront Cost.

Global Garner has integrated the entire sales ecosystem of the country and going forward of the world, where these businesses /vendors can earn by cross-selling the products and services of other sellers through our Advanced Digital platform called UPOS-The Digital Mall. Also, these businesses can sell their products and services through UPOS-The Digital Mall. Thus, creating a digital distribution network combined with human intellect where these Digital Malls owners promote the products of these businesses and vendors. It becomes the inter-exchange of businesses between various types of vendors, be it small or large, online or offline, irrespective of their location, their primary business, etc.

Consequently, UPOS-The Digital Mall Owners/ partners connect all categories of businesses like e-commerce sites, national brands, retailers, wholesalers, local vendors, etc, with the customers and sell their products to earn Incentives, which makes it the biggest interexchange of businesses in the world with zero investment in inventory.

UPOS provides its owner with a huge and diversified inventory of 20 Crore + Products and Services to sell with zero investment in the inventory, thus, creating a huge earning opportunity with zero maintenance, zero risk and maximum return. It also enables businesses and vendors to cross-sell their products & services. The digital mall owners can thus have the digital Franchise of all these businesses without actually investing in inventory. No investment, No infrastructure, No staff, No overheads, also, a welcome addition to an existing business or a new risk-free business.

Example: With UPOS - The Digital Mall, typical Mom & Pop Stores/Cable Operators/Financial Service Agents etc. can now book Flights & Bus Tickets, Sell Vouchers of Big Basket, Shoppers Stop, etc, and Products from Myntra, Ajo, etc. They can also offer Loans, Hotel Booking, Bill Pay & Recharge services, Book Movie Tickets (Book My Show) and make available a choice of approx. 300+ Brands with their 20 Crore+ Products/Services (Currently Approx. 36000 such stores are available across India) at ZERO Inventory Investment or Maintenance. Now, when these Mom & Pop Stores/Cable Operators/Financial Service Agents etc. extend their Users to these brands they almost eliminate competition and get huge diversified Products/Services to sell which will enhance their earnings on their existing customer base, Again at ZERO Inventory investment and Maintenance Cost.

UPOS Earning Potential

Fixed Monthly Expenses
₹20,000/- Approx.

Example 1

Fixed Monthly Expenses

 (Avg. Commission 1%) Grocery ₹8,000/-	 (Avg. Commission 3%) Car Service ₹1,000/-	 (Avg. Commission 3%) Medicine ₹1,000/-	 (Avg. Commission 4%) Entertainment ₹1,000/-	 (Avg. Commission 4%) Personal Care ₹500/-	 (Avg. Commission 5%) Clothing ₹2,000/-

Variable Yearly Expenses ₹3,00,000/- Approx.

Average monthly expense will be ₹25,000/-

 (Avg. Commission 3%) Misc./Lifestyle Expenses ₹1,00,000/-	 (Avg. Commission 4%) Holidays ₹50,000/-	 (Avg. Commission 0.90%) Electronics ₹20,000/-	 (Avg. Commission 5%) Gift ₹30,000/-
 (Avg. Commission 3%) House ₹30,000/-	 (Avg. Commission 4%) Anniversary ₹20,000/-	 (Avg. Commission 1%) Gold/Jewellery ₹50,000/-	

Net Average Monthly Expense will be

Monthly Exp + Yearly Exp
₹20,000 + ₹25,000

= ₹45,000/- approx

Average Commission

3.5%*

*Commission Structure is subject to change from time to time as per the vendor/brand association with Global Garner.

How Many People you Know?

At least 500

- Just think if you start earning ₹1500 from every person per month at ZERO COST
- Then you will earn ₹1500/- x 500 People = ₹7.5 Lakh
- Then can you appoint 5 people to manage 100 Customers each i.e 3-4 Clients per day
- So if we consider even ₹20,000/- Salary + ₹20,000/- Incentive to each staff still you save ₹7,50,000 - ₹2,00,000 = ₹5,50,000/-

Let's take another example, though we have considered ₹45,000/- as a fixed monthly expense of an avg. family but now considering only the primary expenses on a lower side **LET US SEE** the earning potential of UPOS.

Cost of Digital Mall - ₹72,000/- + GST

Approximate Expenses of an avg. Family Per Year

Type of Expense	Expense Amount (in Rs.)	Approx. Commission to UPOS (in %)	Approx. Commission to UPOS (in ₹)
Light, Mobile, Water, D2H, etc.	₹12,000/-	0.30%	₹36
Groceries	₹60,000/-	0.50%	₹300
Clothing, Home Decor, etc.	₹12,000/-	3%	₹360
Insurance	₹9,000/-	5%	₹450
Flight, Bus, etc.	₹15,000/-	2%	₹90
Travel & Food	₹9500/-	2%	₹190
Electronics & Motor Service, Other Expenses	₹20,000/-	2%	₹400

Therefore, the Annual expense of an average family is **₹1,37,500/-**

Earning potential

Suppose, One UPOS Owner meet 25 Families/Month for the next 12 months (i.e., 25 x 12 people = 300 Families/Year)

Then, Total customers after 12 months will be 300

Considering Avg. commission of UPOS @ 2%

So, UPOS Income on expenses of 1 Family = (2 % x 137500) is **₹2750/-**

Annual Income of UPOS on expenses of 300 Families will be = 300 families x 2750 = **₹8,25,000/-**

Therefore, Annual Income of UPOS will be ₹8,25,000/-

[continued]

Loans

Considering Avg. Commission of UPOS on Loan @ 0.25%

Let's assume
Avg. Loan amt. as ₹3,00,000/-
And, avg. units sold by 1 UPOS
Partner in an year is 25

Annual Income on Loans
(0.25% * 3,00,000) * 25 is
₹18,750/-

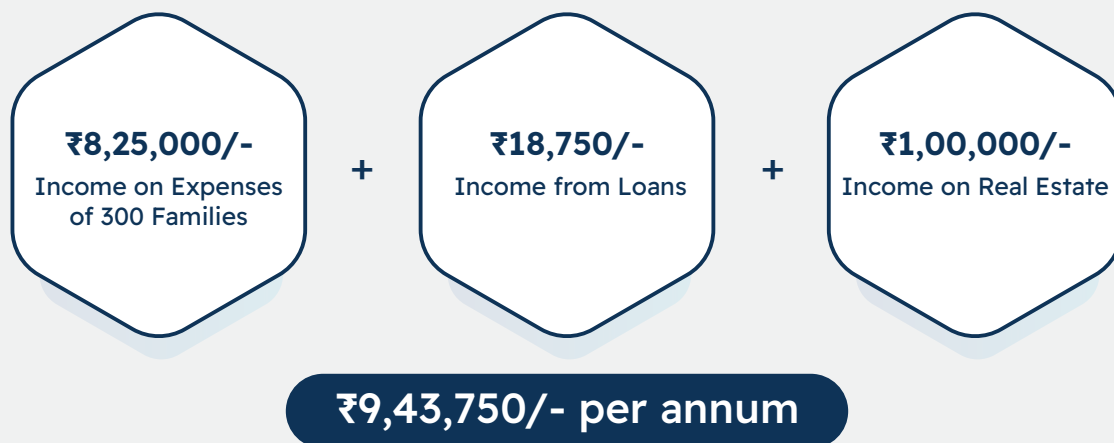

Real Estate

Considering Avg. Commission of UPOS on Real Estate @ 2%

Let's assume
Avg. Real Estate amt. as ₹10,00,000/-
And, avg. units sold by 1 UPOS
Partner in an year is 5

Annual Income on Real Estate
(2% * 10,00,000) * 5 is
₹1,00,000/-

Now, Calculating the total income potential of UPOS based on the above illustrations:

UPOS Partner also get **10x reward**  **coins** of the commission earned by them which can be converted into real money*.

ROI

Now, considering the **Final Earnings Percentage** at the end of one-year

Investment is ₹72,000/-
Income at the end of one year is ₹9,43,750/-

The Percentage ROI is Approx. 1200% after the end of one Year

Guaranteed Cashback/Reward + 100% Instant GG Coins on Every Purchase to the User

Give cashback/reward to all your customers with Global Garner four real cashback options which can be transferred to a bank account + 100% GG Coins on every purchase.

(IC) Instant Cashback

It is a cashback/reward in which users can shop and get guaranteed 2% to 10% instant cashback/reward without waiting for a UPV to be formed or without new UPVs tagging under the purchase.

My Circle

Under this cashback, the User has to refer his/her friends and can earn up to ₹1 crore as real GG Money. UPVs will be tagged within a circle formed by a user by generating his UPV at the beginning, thereafter referring only 6 UPVs, thus creating his own circle.

(SCB RPP) Random Pick Process

In this, the system will randomly pick a UPV from the pool for any given slab/amount of cashback but there will be a guarantee of every UPV getting the cashback/reward from a minimum of 2% to a maximum of 100% in a month.

(SCB) First In First Out 100% Cashback

It is a systematic cashback process in which cashback/reward is given in 3 unequal instalments of ₹500/-, ₹1000/-, ₹8500/- each as per a unique auto-tagging system, where the user has to do nothing except to generate his own UPVs. And also, get an additional ₹10,000/- through GG coins conversion as a fourth payout.

GG Money

This can be immediately transferred to the User's Bank Account after applicable service charges and Government Taxes. Cashback/Reward through SCB FIFO, SCB RPP, IC and Referral Cashback is given in the form of GG Money.

GG Coins

The User gets 100% GG Coins on every purchase. This can be redeemed up to a certain extent of the Bill amount and GG Coins can also be converted to GG Money as an additional 4th payout of SCB FIFO and in My Circle cashback at different levels and the user can encash it to his Bank account.

Also, get free Shopping Vouchers and engage new users in your area. (promotional offer)
